**JETRION SIGNS LEADING DISTRIBUTORS FOR
INKJET PRODUCTS IN EUROPE AND SOUTH AMERICA**

ANN ARBOR, MI, March 22, 2005 — Jetrion LLC, a leading global provider of advanced products, services and specialized solutions for industrial inkjet applications, and a wholly-owned subsidiary of Flint Ink Corporation, has announced the signing of three leading distributors, significantly expanding Jetrion's marketing channels for its inkjet printing systems and inks in Europe and South America.

Zacarés Numeradores, S.A., a world leader in numbering and marking products, now distributes the Jetrion 3000 series of inkjet printers and Jetrion high quality thermal and UV inks to customers in Spain, Portugal and Brazil. Headquartered in Benisanó, Spain, Zacarés covers the full spectrum of product applications including lottery and gaming, mailing and addressing, packaging and labels, and cards. The distributor already has installed and services several of the new Jetrion 3025 inkjet printing systems in customer facilities throughout its territory. The Jetrion 3025 technology has set a new industry performance standard as the fastest, widest, highest-quality drop-on-demand inkjet printing system in the marketplace. Information about Jetrion products is available by e-mail at sales@zacares.com, or by telephone at +34 96 278 05 12. The Zacarés Web site address is www.zacares.com.

Juan Zacarés Montoliu, general manager of Zacarés stated, "We wanted a technology that would produce high quality printed documents for our customers and found our best partner in Jetrion. Our customers now have access to advanced inkjet technology at an excellent price and will be able to offer their customers better quality printed products at very competitive prices. Jetrion technology and Zacarés flexibility and excellent service is a combination difficult to beat in today's market."

Jetrion Announces Agreements with Two Additional Distributors

Cap Cod, headquartered in Montreuil, France, is distributing the Jetrion 3000 series of inkjet printers and the entire range of Jetrion inks to its customers. Cap Cod has extensive experience in the mailing and addressing application field, and also in coding and marking. The company has field-tested the Jetrion 3010 Inkjet System which is particularly well-suited for applications in the mail addressing market, and is already providing its customers with Jetrion's high-performance inks for the continuous inkjet aftermarket. More information is available on the Cap Cod Web site: www.CapCod.fr.

GRE Engineering Products AG, based in Steinebrunn, Switzerland, is distributing the full line of Jetrion 3000 series of inkjet printers and Jetrion inks to the European label market. The company also has offices in the United Kingdom, and is now introducing the Jetrion 3025 inkjet system to its customers there, as well as in its other European markets. Further product information about the distributor's Jetrion product lines is provided on the GRE Web site: www.GRE.ch.
